Press Release

Maryland Adds 2,700 Jobs in August

Since January, Maryland has gained 32,700 jobs

BALTIMORE, MD (September 18, 2015) – The U.S. Department of Labor's Bureau of Labor Statistics (BLS) released state jobs and unemployment data earlier today. According to the preliminary survey data, Maryland added 2,700 jobs. Compared with August 2014, Maryland jobs are up by 52,900. Maryland's preliminary jobs estimate for July was revised upward by BLS from a gain of 9,200 jobs to a gain of 9,700 jobs.

Maryland's August preliminary unemployment rate dropped to 5.1 percent from the July revised rate of 5.2 percent.

"It's great to see that Maryland is adding jobs and that the unemployment rate has dropped again. Governor Larry Hogan's new initiative to cut hundreds of fees for many of DLLR's customers is one more way we're working to build a stronger economy for the State of Maryland and put more Marylanders back to work. From real estate professionals, to home improvement contractors, to appraisal management companies, a little relief goes a long way," said the Secretary of the Maryland Department of Labor, Licensing and Regulation Kelly M. Schulz.

According to data released today, the Trade, Transportation, and Utilities sector added 200 jobs. (The Retail Trade subsector added 1,000 jobs, the Wholesale Trade subsector decreased by 600 jobs and the Transportation, Warehousing, and Utilities subsector decreased by 200 jobs.) The Financial Activities sector added 1,600 jobs. (The Finance and Insurance subsector gained 900 jobs and the Real Estate and Rental and Leasing subsector added 700 jobs.) The Education and Health Services sector gained 3,900 jobs. (The Educational Services subsector added 500 jobs and the Health Care and Social Assistance sector gained 3,400 jobs.) The Other Services sector added 1,100 jobs.

The Department of Labor, Licensing and Regulation protects and empowers Marylanders by safeguarding workers, protecting consumers, providing a safety net and cultivating a thriving workforce that can meet the demands of Maryland's dynamic economy. Maryland Live! Targets young people for 200 positions

According to the Baltimore Sun, Maryland Live! Has turned its attention to college towns and social media in anticipation of a state law that will drop the minimum age for casino workers. On Oct. 1, a new law will drop the minimum age for casino workers from 21 to 18. Between now and then, casino officials will be appearing at job fairs and a dozen of college campuses, including Anne Arundel Community College.

Pinnacle Foods to open manufacturing facility in Hagerstown, create dozens of jobs

According to the Baltimore Business Journal, Pinnacle Foods Inc. is planning to redevelop a former ice cream plant in Hagerstown into a manufacturing facility, with the potential to create 85 to 125 full-time jobs over the next three years. Maryland and local government offered incentives to bring the New Jersey – based packaged foods company to Hagerstown.

Glossary of Terms

Nonagricultural payroll employment: Employment data referring to persons on establishment payrolls who receive pay for any part of the pay period which includes the 12th of the month. Persons are counted at their place of work rather than at their place of residence; those appearing on more than one payroll are counted on each payroll. Establishments are classified in an industry on the basis of their principal product or activity in accordance with the most recent North American Industry Classification System Manual.

Civilian labor force: All persons 16 years and over in the civilian noninstitutional population classified as either employed or unemployed.

Employed persons: All persons who, during the reference week (the week including the 12th day of the month), (a) did any work as paid employees, worked in their own business or profession or on their own farm, or worked 15 hours or more as unpaid workers in an enterprise operated by a member of their family, or (b) were not working but who had jobs from which they were temporarily absent because of vacation, illness, bad weather, childcare problems, maternity or paternity leave, labor-management dispute job training, or other family or personal reasons, whether or not they were paid for the time off or were seeking other jobs. Each employed person is counted only once, even if he or she holds more than one job.

Unemployed persons: All persons who had no employment during the reference week, were available for work, except for temporary illness, and had made specific efforts to find employment some time during the 4-week period ending with the reference week. Persons who were waiting to be recalled to a job from which they had been laid off need not have been looking for work to be classified as unemployed.

Unemployment rate: The ratio of unemployed to the civilian labor force expressed as a percent.

Seasonal adjustment: A statistical technique that eliminates the influences of weather, holidays, the opening and closing of schools, and other recurring seasonal events from economic time series. This permits easier observation and analysis of cyclical, trend, and other nonseasonal movements in the data.
