Press Release

Maryland Gains 2,500 Jobs in May

Since January 2015, Maryland gained 67,000 jobs

BALTIMORE, MD (June 17, 2016) – The U.S. Department of Labor's Bureau of Labor Statistics (BLS) released state jobs and unemployment data earlier today. According to the preliminary survey data, Maryland added 2,500 total jobs over-the-month. The private sector added 1,100 jobs. Five months in 2016 have posted over-the-month job gains. Since January 2015, Maryland has added 67,000 jobs. Maryland's preliminary jobs estimate for April was revised by BLS from a gain of 200 to a gain of 300 jobs.

Maryland's unemployment rate dropped to 4.5 percent from the April rate of 4.6 percent.

"As Governor Hogan continues to focus on jobs and economic development, the state is creating a more business friendly culture which is a conduit for job creation," said Maryland Labor Secretary Kelly M. Schulz. "Maryland's private sector continues to thrive with the addition of jobs in manufacturing as well as education and health services -- making new opportunities available to more Marylanders."

According to the data released today, the Education and Health Services sector increased by 6,200 jobs. (The Health Care and Social Assistance subsector increased by 4,600 jobs and the Educational Services subsector increased by 1,600 jobs.) The Professional and Business Services sector increased by 3,300 jobs. (The Administrative and Support and Waste Management and Remediation Services subsector increased by 2,600 jobs, the Professional, Scientific, and Technical Services subsector increased by 900 jobs and the Management of Companies and Enterprises subsector decreased by 200 jobs.) The Manufacturing sector increased by 600 jobs. (The Durable Goods subsector increased by 300 jobs and the Non-Durable Goods subsector increased by 300 jobs.)

Business News

Baltimore firms commit to creating 600 jobs through BGE incentive program

According to the Baltimore Sun, thirteen Maryland companies expect to create 1,100 jobs, including 600 in Baltimore, aided by a Baltimore Gas and Electric Co. incentive program. BGE's Smart Energy Economic Development Program, which launched in September, offers discounts on energy bills and other incentives to businesses that expand their electric or natural gas usage and create new full-time jobs.

Novavax plans 850 new jobs in Maryland

According to Washington's Top News, Novavax said it will add as many as 850 new jobs to its current 400-person workforce. To accommodate its growing pipeline of vaccine candidates, Novavax will expand its research, development and clinical trial support operations. In addition to its Gaithersburg headquarters, Novavax also has operations in Rockville, Maryland.

Automotive importer leases 21 acres at Sparrows Point

According to Baltimore Business Journal, Pasha Automotive Services, a vehicle processing and distribution company, has signed a 21-acre lease at the site of the former Sparrows Point steel mill. The company will provide roll-on/roll-off services for Fiat Chrysler vehicles that are being imported into the U.S. The site is located near the Port of Baltimore.

Glossary of Terms

Nonagricultural payroll employment: Employment data referring to persons on establishment payrolls who receive pay for any part of the pay period which includes the 12th of the month. Persons are counted at their place of work rather than at their place of residence; those appearing on more than one payroll are counted on each payroll. Establishments are classified in an industry on the basis of their principal product or activity in accordance with the most recent North American Industry Classification System Manual.

Civilian labor force: All persons 16 years and over in the civilian noninstitutional population classified as either employed or unemployed.

Employed persons: All persons who, during the reference week (the week including the 12th day of the month), (a) did any work as paid employees, worked in their own business or profession or on their own farm, or worked 15 hours or more as unpaid workers in an enterprise operated by a member of their family, or (b) were not working but who had jobs from which they were temporarily absent because of vacation, illness, bad weather, childcare problems, maternity or paternity leave, labor-management dispute job training, or other family or personal reasons, whether or not they were paid for the time off or were seeking other jobs. Each employed person is counted only once, even if he or she holds more than one job.

Unemployed persons: All persons who had no employment during the reference week, were available for work, except for temporary illness, and had made specific efforts to find employment some time during the 4-week period ending with the reference week. Persons who were waiting to be recalled to a job from which they had been laid off need not have been looking for work to be classified as unemployed.

Unemployment rate: The ratio of unemployed to the civilian labor force expressed as a percent.

Seasonal adjustment: A statistical technique that eliminates the influences of weather, holidays, the opening and closing of schools, and other recurring seasonal events from economic time series. This permits easier observation and analysis of cyclical, trend, and other nonseasonal movements in the data.
